Ambassador Naon would not discuss what basis he had for his "feeling of confidence," declaring that his formal statement spoke for itself. The ambassador is in this city attending to official business and said he planned to leave in a few days for the summer embassy at Manchester, Mass.

## LARGER FORCE NEEDED IN THE WAR DEPARTMENT

Secretary Baker Submits Estimates for 250 Additional Clerks to Meet New Conditions.

The Secretary of War has submitted stimates to Congress for about 250 additional clerks in the War Department to meet the large increases in the military establishment carried in the army defense act, which takes effect July next. The increased force is desired for service in all the bureaus, but mainly in the office of the adjutant general, where 100 more clerks are asked for in the bureau of ordnance, where forty more clerks are needed, and in the office of the quartermaster general, where thirty are wanted. The present force in the offices named already are working over hours in order to keep up

with current work.

These estimates are for increases in the regular force and have no refer-

The police investigated the accident and reported that the throwing of the switch after the forward truck of the southbound car had crossed partly over it caused the accident. The affair was reported to the public utilities commission.

Representatives of the "weeklies" called on the secretaries yesterday and outlined their proposal. Secretary Daniels consented to allow motion pictures to be taken of life aboard the United States ships at Vera Cruz. Secretary Baker referred to Gen. Funston James Kirkpatrick, rector of
